THE PROJECT

MINDtheGaps1 is an ERASMUS+KA2 project that uses a participatory intervention based on programming training and multimedia open educational resources development to empower young people to develop media literacy, critical thinking and to be able to share knowledge and collaboratively solve problems in partnership with young people (15-18 years old) from other European countries, in a non-formal context. This means that the project is in line with the New European Youth Policy (2019-2027) since it will develop new and innovative ways to achieve the priorities that are set out in national and EU policy: ENGAGE, CONNECT and EMPOWER young people through innovation, quality and recognition of youth work.

MINDtheGaps project, in partnership with the ANP (National Teachers Association, Portugal), is searching for 15-18 year-old students willing to tell the world their story about the use of digital technology during the confinement period, due to the COVID-19 pandemic.

TELL US YOUR STORY!

The contest “Tell us your story” distinguishes the most original video proposal about digital technologies during the confinement period, due to the COVID-19 pandemic. In addition to a prize, the awarded videos will be nationally and internationally disseminated. To participate in this competition, the students should authorize the use of the video for non-commercial purposes.

Objective

The main objective is to disseminate the MINDtheGaps project and to encourage young people’s participation on the activities. The contest will also recognize and reward the most original video that reflects the project objectives with respect to empower young people to develop media literacy, critical thinking and to be able to share knowledge and collaboratively solve problems.

Participants

To be eligible to participate in this contest, participants must be young people aged from 15 to 18 years old and to be a resident in one of the MINDtheGaps’ project countries: Portugal, Bulgaria, or Turkey.

The contest will be open from 15/06/2020 to 31/07/2020. The video proposal must be sent by e-mail to info.mindthegaps@gmail.com , with the application form.

NEXT ACTIVITIES
